ASSIGNMENT

COPY

This Assignment is made by Steven L. Rose of Escondido, California, Esther H. Oh of San Diego, California, and Michael J. Walsh of San Diego, California, Assignors, to PROMETHEUS LABORATORIES, INC., Assignee, having a place of business at 5739 Pacific Center Boulevard, San Diego, California, 92121-4203, USA.

WHEREAS, Assignors have invented a new and useful METHODS OF DIAGNOSING LIVER FIBROSIS, for which an application for United States Letters Patent was filed on February 28, 2002, in the United States Patent and Trademark Office, bearing Serial 10/087,188, and identified as Attorney Docket No: P-PM 4978; -

WHEREAS, Assignors believe themselves to be the original inventors of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors sell, assign, and transfer to Assignee, the entire right, title, and interest in and to said invention, said application, any applications entitled to benefit of priority to

said application under Title 35, United States Code, Sections 120, 121 or 251, which include divisionals, continuations and reissues, and any Letters Patent that may be granted on said invention or these applications in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Inventors: Rose et al.
